## 11th Annual “Vision Board” Workshop

Spend an enjoyable and inspiring day by easing back and looking at ways to create and reach achievable goals through a vision board process.

**What is a vision board?** Literally, a vision board is a visual representation of things that you want to do, be, and have in your life. It becomes a daily reminder of your deepest desires.

**Vision board categories can include:** career and finances, relationships, home, family, travel, personal growth, spirituality, social life, education and health, etc.

Using mindfulness, meditation, and Emotional Freedom Technique (EFT), we will help you to create your 2019 Vision Board. Be part of an experiential healing and renewal of the mind, body, and spirit.

Leave with your personalized “Vision Board” as your inspiration for growth, change, and motivation.
